by deleting Section 4 of the bill as amended and by substituting instead the following:

SECTION 4. Tennessee Code Annotated, Section 68-120-204, is amended by deleting subdivision (a)(1), substituting the following, and renumbering the subsequent existing subdivision (a)(2) as (a)(3):

(a)(1) Any public building which is constructed, enlarged, or substantially altered or repaired after the effective date of this act, shall be designed and constructed pursuant to specifications, approved by the responsible authority, making such building accessible to and usable by physically handicapped persons. The minimum specifications, except as provided in § 68-120-205 and paragraph (2) of this subsection, shall be the 2002 North Carolina Accessibility Code with 2004 Amendments, and any further amendments, supplements or subsequent editions, or any other code as the state fire marshal determines by rule, or the currently enforced Uniform Federal Accessibility Standards (UFAS), or the currently enforced Americans with Disabilities Act Accessibility Guidelines (ADAAG). The minimum specifications for a project shall be those in effect at the time the project is submitted to the responsible authority for final approval of the construction, enlargement, alteration, or repair.

(2) For public buildings for which a local building inspector is the responsible authority, a local government may select handicapped accessibility specifications from the codes or publications listed in subdivision (a)(1) of this section or from the codes or publications of other nationally recognized agencies or organizations.
